IMPORTANT ANNOUNCEMENT

CODE 35

CODE 35 PROCEDURES: When Race Control needs to dispatch Emergency Vehicles (EV), drivers will see all corner stations display Waving Yellow Flags and a Purple Sign with a white number '35' on it. The 'Code 35' sign may be used in lieu of putting out a safety car and allow EV to rapidly respond.

DRIVERS MUST:

- Stop racing.
- Not pass other cars on track.
- Safely reduce their speed not to exceed 35 mph.
- Maintain their gap space from the car in front of them.
- Follow the directions of the Corner Marshals.
- Yield the racing surface to all emergency vehicles.

RESTARTS: At the conclusion of a 'Code 35' incident and to resume racing, drivers will see the Waving Yellow and Purple '35' Flags replaced with a Waving Green Flag at all corner stations.

SPEEDING PENALTIES: All lap times during a Code 35 incident will be recorded by Timing & Scoring. Each lap time below 3 minutes and 55 seconds on the 2.30 mile course and below 3 minutes and 45 seconds on the 2.21 mile course may receive a Black Flag and a Speeding Penalty for flagrant and obvious violation after racing has resumed. Drivers who do not maintain gap spacing may be penalized the same as speeding.

- First penalty: Stop and Go.
- Second penalty: Loss of 1 lap.
- Third penalty: Disqualification.

ENDURO: The pit stop rules referring to "full course yellow" in the TES and ECR rules will also apply to Code 35.
